Policy

1.1 Introduction

- Hillview School for Girls recognises our statutory responsibility to safeguard and promote the welfare of all children. Safeguarding is everybody's responsibility and all those directly connected (staff, volunteers, trustees, leaders, parents, families, and learners) are an important part of the wider safeguarding system for children and have an essential role to play in making this community safe and secure.
- Hillview School for Girls believes that the best interests of children always come first. All children (defined as those up to the age of 18) have a right to be heard and to have their wishes and feelings taken into account and all children regardless of age, gender, ability, culture, race, language, religion or sexual identity, have equal rights to protection.
- Staff working with children at Hillview School for Girls will maintain an attitude of 'it could happen here' where safeguarding is concerned. When concerned about the welfare of a child, staff will always act in the best interests of the child and if any member of our community has a safeguarding concern about any child or adult, they should act and act immediately.
- Hillview School for Girls recognises the importance of providing an ethos and environment within the school that will help children to be safe and to feel safe. In our school children are respected and are encouraged to talk openly. We will ensure children's wishes and feelings are taken into account when determining what safeguarding action to take and what services to provide.
- Our core safeguarding principles are:
 - **Prevention**

 - Provide a safe environment in which children can learn.
 - Be aware of the indicators of abuse and neglect so that they can identify cases of children who may need help or protection.
 - Know what to do if a child tells them that he or she is being abused or neglected and understand the impact abuse and neglect can have upon a child.
 - Be able to identify and act upon indicators that children are, or at risk of, developing mental health issues.
 - Be prepared to identify children who may benefit from early help.
 - Understand the early help process and their role in it.
 - Understand the school safeguarding policies and systems.
 - Undertake regular and appropriate training which is regularly updated.
 - Be aware of the local process of making referrals to children's social care and statutory assessment under the Children Act 1989.
 - Know how to maintain an appropriate level of confidentiality.
 - Reassure children who report concerns that they are being taken seriously and that they will be supported and kept safe.
 - Recognise that children may not be ready or know how to tell someone they are being abused.

2.4 Children and Young People

- Children and young people (learners) have a right to:
 - Feel safe, be listened to, and have their wishes and feelings taken into account.
 - Confidently report abuse, knowing their concerns will be treated seriously, and knowing they can safely express their views and give feedback.
 - Receive help from a trusted adult.
 - Learn how to keep themselves safe, including online.

2.5 Parents and Carers

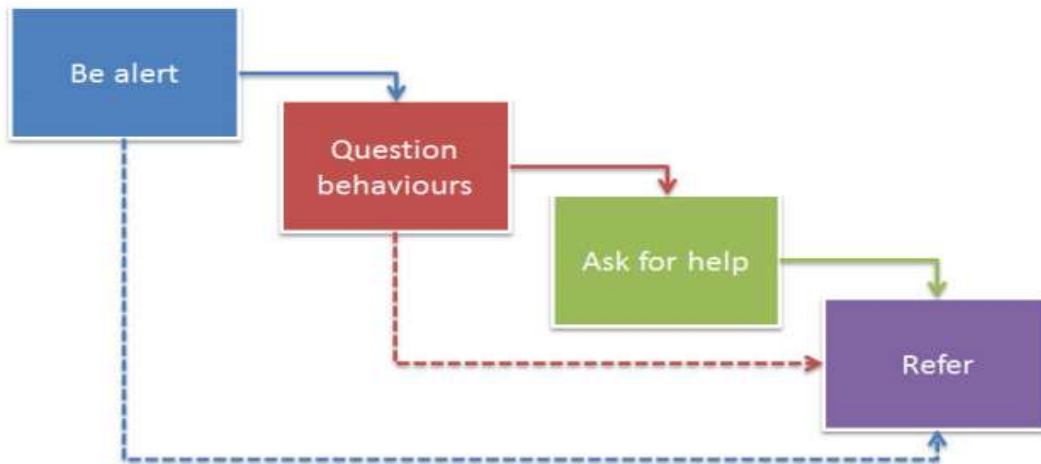

- Parents/carers have a responsibility to:
 - Understand and adhere to the relevant school policies and procedures.
 - Talk to their children about safeguarding issues with their children and support the school in their safeguarding duties.
 - Identify behaviours which could indicate that their child is at risk of harm including online.
 - Seek help and support from the school or other agencies.

3. Child Protection Procedures

3.1 Recognising Indicators of Abuse and Neglect

- All staff are made aware of the definitions and indicators of abuse and neglect as identified by Working Together to Safeguard Children (2018) and Keeping Children Safe in Education 2024. This is outlined locally within the [Kent Support Levels Guidance](#).
- Hillview School For Girls recognises that when assessing whether a child may be suffering actual or potential harm there are four categories of abuse:
 - Physical abuse
 - Sexual abuse
 - Emotional abuse
 - Neglect
- Hillview School For Girls recognises that concerns may arise in many different contexts and can vary greatly in terms of their nature and seriousness. The indicators of child abuse and neglect can vary from child to child. What appears to be worrying behavior for a younger child might be normal for an older child, although because children develop and mature at different rates, age is not the only factor. It is important to recognise that indicators of abuse and neglect do not automatically mean a child is being abused, however, all concerns should be taken seriously and will be explored by the DSL team on a case-by-case basis.
- Hillview School For Girls recognises abuse, neglect, and safeguarding issues are rarely standalone events and cannot always be covered by one definition or one label alone. In many cases, multiple issues will overlap with one another, therefore staff will always be vigilant and always raise concerns with a DSL.
- Parental behaviors can indicate child abuse or neglect, so staff will be alert to parent-child interactions or concerning parental behaviors; this could include parents who are under the influence of drugs or alcohol or if there is a sudden change in their mental health.
- Children may report abuse happening to themselves, their peers or their family members. All reports made by children to staff will be taken seriously and will be responded to in line with this policy.
- Safeguarding incidents and/or behaviors can be associated with factors and risks outside the School. Children can be at risk of abuse or exploitation in situations outside their families; extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, sexual abuse, serious youth violence and County Lines.
- Technology can be a significant component in many safeguarding and wellbeing issues. Children are at risk of abuse online as well as face to face and in many cases, abuse will take place concurrently via online channels and in daily life. Children can also abuse their peers online.

- By understanding the indicators of abuse and neglect, we can respond to problems as early as possible and provide the right support and services for the child and their family.
- All members of staff are expected to be aware of and follow this approach if they are concerned about a child:

[‘What to do if you are worried a child is being abused’](#) 2015

- In all cases, if staff are unsure, they will always speak to the DSL team.
- Hillview School For Girls recognises that some children have additional or complex needs and may require access to intensive or specialist services to support them.
- If deemed necessary by the headteacher or by staff authorised by the headteacher following a concern about a child’s safety or welfare, the searching and screening of children and confiscation of any items, including electronic devices, will be managed in line with the Behaviour Policy.

3.2 Responding to Child Protection Concerns

- If staff are made aware of a child protection concern, they are expected to:
 - listen carefully to the concern and be non-judgmental.
 - only use open questions to clarify information where necessary, e.g. who, what, where, when or Tell, Explain, Describe (TED).
 - Ensure they do not promise confidentiality as concerns will have to be shared further, for example, with the DSL and potentially Integrated Children’s Services.
 - be clear about boundaries and how the report will be progressed.
 - record the concern in line with school record keeping requirements.
 - inform the DSL team, as soon as practically possible.
- The DSL team should always be available to discuss safeguarding concerns. If in exceptional circumstances, a DSL is not available, this should not delay appropriate action being taken. Staff should speak to a member of the senior leadership team and/or take advice from Education Safeguarding Service or via consultation with a social worker from the Front Door. In these circumstances, any action taken will be shared with a DSL as soon as is practically possible.

Hillview School for Girls will respond to concerns in line with the Kent Safeguarding Children Multi-Agency Partnership procedures (KSCMP).

- The full KSCMP procedures and additional guidance relating to reporting concerns and specific safeguarding issues can be found on their website: www.kscmp.org.uk
- Specific information and guidance to follow with regards to accessing Early Help and Preventative Services and/or Children's Social Work Services as part of Integrated Children's Services (ICS) in Kent can be found here: www.kelsi.org.uk/support-for-children-and-young-people/integrated-childrens-services
- Where a child is suffering, or is likely to suffer from harm, or is in immediate danger, a 'request for support' will be made immediately to Integrated Children's Services (via the 'Front Door') and/or the police, in line with KSCMP procedures.
 - Hillview School For Girl recognise that in situations where there are immediate child protection concerns for a child as identified in line with Support Level Guidance, it is NOT to investigate as a single agency, but to act in line with KSCMP guidance which may involve multi-agency decision making.
 - The DSL may seek advice or guidance from their Area Education Safeguarding Advisor from the Education Safeguarding Service before deciding next steps.
 - They may also seek advice or guidance from a social worker at the Front Door service who are the first point of contact for Integrated Children's Services (ICS).
- In the event of a request for support to the Front Door being necessary, parents/carers will be informed and consent to this will be sought by the DSL team in line with guidance provided by KSCMP and ICS. Parents/carers will be informed of this, unless there is a valid reason not to do so, for example, if to do so would put a child at risk of harm or would undermine a criminal investigation.
- All staff are aware of the process for making requests for support referrals for statutory assessments under the Children Act 1989, along with the role they might be expected to play in such assessments.
- Where it is identified a child may benefit from Early Help support (as provided by ICS) , the DSL team will generally lead as appropriate and make a request for support via the Front Door.
 - The DSL team will keep all early help cases under constant review and consideration will be given to escalating concerns to the Front Door or seeking advice via the Education Safeguarding Service if the situation does not appear to be improving or is getting worse.
- If, after a request for support or any other planned external intervention, a child's situation does not appear to be improving or there is a concern regarding decisions made, the DSL will consider following [KSCMP escalation procedures](#) to ensure their concerns have been addressed and, most importantly, that the child's situation improves. DSLs may request support with this via the Education Safeguarding Service.
- Hillview School for Girls is an [Operation Encompass School](#). This means we work in partnership with Kent Police to provide support to children experiencing domestic abuse.

3.3 Recording Concerns

- All safeguarding concerns, discussions and decisions, and reasons for those decisions, will be recorded in writing on the school safeguarding system, CPOMS.
- Incident concern forms are kept electronically via CPOMS or secure password protected files. Paper records are stored in a locked cabinet within the pastoral support area.
- Records will be completed as soon as possible after the incident/event, using the child's words and will be submitted by the member of staff. Child protection records will record facts and not personal opinions. A body map will be completed if injuries have been observed.

- If there is an immediate safeguarding concern the member of staff will consult with a DSL team before completing the form as reporting urgent concerns takes priority.
- If members of staff are in any doubt about recording requirements, they will discuss their concerns with the DSL team.
- Child protection records will include a clear and comprehensive summary of the concern, details of how the concern was followed up and resolved and details regarding any action taken, decisions reached and the outcome.
- Child protection records will be kept confidential and stored securely. Child protection records will be kept for individual children and will be maintained separately from all other records relating to the child in the school. Child protection records are kept in accordance with data protection legislation and are retained centrally and securely by the DSL team.
- All child protection records will be transferred in accordance with data protection legislation to the child's subsequent school. Child Protection files will be transferred securely to the new DSL, separately to the child's main file, and a confirmation of receipt will be obtained.
- In addition to the child protection file, the DSL team will also consider if it would be appropriate to share any information with the DSL at the new school or college in advance of a child leaving, for example, information that would allow the new school or college to continue to provide support.

3.4 Multi-Agency Working

- Hillview School for Girls recognises and is committed to its responsibility to work within the KSCMP multi-agency safeguarding arrangements. The leadership and DSL team will work to establish strong and co-operative local relationships with professionals in other agencies in line with statutory guidance.
- Hillview School for Girls recognises the importance of multi-agency working and is committed to working alongside partner agencies to provide a coordinated response to promote children's welfare and protect them from harm. This includes contributing to KSCMP processes as required, such as participation in relevant safeguarding multi-agency plans and meetings, including Child Protection Conferences, Core Groups, Strategy Meetings, Child in Need meetings or other early help multi-agency meetings.

3.5 Confidentiality and Information Sharing

- Hillview School for Girls recognises our duty and powers to hold, use and share relevant information with appropriate agencies in matters relating to child protection at the earliest opportunity as per statutory guidance outlined within KCSIE 2024.
- The Data Protection Act 2018 and GDPR do not prevent the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare and protect the safety of children (KCSIE 2024).
- The headteacher and DSL team will disclose relevant safeguarding information about a learner with staff on a 'need to know' basis.
- All members of staff must be aware that whilst they have duties to keep information confidential, they also have a professional responsibility to be proactive in sharing information as early as possible to help identify, assess, and respond to risks or concerns about the safety and welfare of children; this may include sharing information with the DSL team and with other agencies as appropriate. All staff are aware they cannot promise confidentiality in situations which might compromise a child's safety or wellbeing.

3.6 Complaints

- All members of the school community should feel able to raise or report any concerns about children's safety or potential failures in the school safeguarding regime. The school has a complaints procedure available to parents, learners and members of staff and visitors who wish to report concerns or complaints. This can be found on the school website.
- Whilst we encourage members of our community to report concerns and complaints directly to us, we recognise this may not always be possible. Children, young people, and adults who have experienced abuse at school can contact the NSPCC 'Report Abuse in Education' helpline on 0800 136 663 or via email: help@nspcc.org.uk
- Staff can also access the NSPCC whistleblowing helpline if they do not feel able to raise concerns regarding child protection failures internally.
 - Staff can call 0800 028 0285 (8:00 AM to 8:00 PM Monday to Friday) or email help@nspcc.org.uk.
- The leadership team at Hillview School for Girls will take all concerns reported to the school seriously and all complaints will be considered and responded to in line with the relevant and appropriate process.

4. Specific Safeguarding Issues

- Hillview School for Girls is aware of a range of specific safeguarding issues and situations that can put children at greater risk of harm. In addition to Part One of KCSIE 2024, DSLs, school leaders and staff who work directly with children will read annex B which contains important additional information about specific forms of abuse and safeguarding issues.
- Where staff are unsure how to respond to specific safeguarding issues, they should follow the processes as identified in this policy and speak with the DSL team.

4.1 Child on Child Abuse

- All members of staff at Hillview School for Girls recognise that children are capable of abusing their peers, and that it can happen both inside and outside of school and online.
- Hillview School for Girls recognises that child on child abuse can take many forms, including but not limited to:
 - bullying, including cyberbullying, prejudice-based and discriminatory bullying
 - abuse in intimate personal relationships between peers
 - physical abuse which can include hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm
 - sexual violence and sexual harassment
 - consensual and non-consensual sharing of nudes and semi-nude images and/or videos (also known as sexting or youth produced sexual imagery)
 - causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
 - upskirting (which is a criminal offence), which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm
 - initiation/hazing type violence and rituals

- Hillview School for Girls recognises that even if there are no reported cases of child on child abuse, such abuse is still likely to be taking place.
- All staff have a role to play in challenging inappropriate behaviours between peers. Staff recognise that some child on child abuse issues may be affected by gender, age, ability and culture of those involved, i.e. for gender based abuse, girls are more likely to be victims and boys more likely to be perpetrators.
- Concerns about learner's behaviour, including child on child abuse taking place offsite will be responded to as part of a partnership approach with learners and parents/carers. Offsite behaviour concerns will be recorded and responded to in line with existing appropriate policies.
- Hillview School for Girls works to lessen the risk of harm from all forms of child on child abuse through education in PDL lessons, assemblies and mentor time as well as providing a range of support mechanisms through the pastoral team.
- Hillview School for Girls wants children to feel able to confidently report abuse and know their concerns will be treated seriously. All allegations of child on child abuse will be reported to the DSL and will be recorded, investigated, and dealt with in line with associated school policies, including child protection, anti-bullying and behaviour. Learners who experience abuse will be offered appropriate support, regardless of where the abuse takes place.
- Alleged victims, perpetrators and any other child affected by peer on peer abuse will be supported by the DSL Team and/or the pastoral team.
- When responding to concerns relating to child on child sexual violence or harassment, Hillview School for Girls will follow the guidance outlined in Part Five of KCSIE 2024 and the DfE 'Sexual Violence and Sexual Harassment Between Children in Schools and Colleges' guidance.
- Hillview School for Girls recognises sexual violence and sexual harassment can occur between two children of any age and sex. It can occur through a group of children sexually assaulting or sexually harassing a single child or group of children and can occur online and face to face (both physically and verbally). Sexual violence and sexual harassment is never acceptable.
- All victims of sexual violence or sexual harassment will be reassured that they are being taken seriously and that they will be supported and kept safe. A victim will never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment or be made to feel ashamed for making a report.
- When there has been a report of sexual violence or harassment, the DSL team will make an immediate initial risk and needs assessment which will be considered on a case-by-case basis which explores how best to support and protect the victim and the alleged perpetrator (and any other children involved/impacted).
 - The initial risk and needs assessment will be recorded on the initial CPOMS concern form and kept under review and will consider the victim (especially their protection and support), the alleged perpetrator, and all other children, and staff and any actions that are required to protect them.
- Reports will initially be managed internally by the school and where necessary will be referred to Integrated Children's Services and/or the Police.
 - The decision making and required action taken will vary on a case by case basis, but will be informed by the wishes of the victim, the nature of the alleged incident (including whether a crime may have been committed), the ages and developmental stages of the children involved, any power imbalance, if the alleged incident is a one-off or a sustained pattern of

abuse, if there are any ongoing risks to the victim, other children, adult students or school staff, and, any other related issues or wider context.

- If at any stage the DSL Team is unsure how to proceed, advice will be sought from the Education Safeguarding Service.

4.2 Nude and/or Semi-Nude Image Sharing by Children

- Hillview School for Girls recognises that consensual and non-consensual sharing of nudes and semi-nude images and/or videos (also known as youth produced/involved sexual imagery or “sexting”) can be a safeguarding issue; all concerns will be reported to and dealt with by the DSL team.
- When made aware of concerns involving consensual and non-consensual sharing of nudes and semi-nude images and/or videos by children, staff are advised to:
 - Report any concerns to the DSL Team immediately.
 - Never view, copy, print, share, store or save the imagery, or ask a child to share or download it – this may be illegal. If staff have already viewed the imagery by accident, this will be immediately reported to the DSL.
 - Not delete the imagery or ask the child to delete it.
 - Not say or do anything to blame or shame any children involved.
 - Explain to child(ren) involved that they will report the issue to the DSL team and reassure them that they will receive appropriate support and help.
- DSLs will respond to concerns as set out in the non-statutory UKCIS guidance: [Sharing nudes and semi-nudes: advice for education settings working with children and young people](#)’ and the local [KSCMP](#) guidance. When made aware of a concern involving consensual and non-consensual sharing of nudes and semi-nude images and/or videos:
 - the DSL team will make an initial review to explore the context and ensure appropriate and proportionate safeguarding action is taken in the best interests of any child involved. This may mean speaking with relevant staff and the children involved as appropriate.
 - parents and carers will be informed at an early stage and be involved in the process to best support children, unless there is good reason to believe that involving them would put a child at risk of harm.
 - All decisions and action taken will be recorded in line with our child protection procedures.
 - a referral will be made to ICS and/or the police immediately if:
 - the incident involves an adult (over 18).
 - there is reason to believe that a child has been coerced, blackmailed, or groomed, or there are concerns about their capacity to consent, for example, age of the child or they have special educational needs.
 - the image/videos involve sexual acts and a child under the age of 13, depict sexual acts which are unusual for the child’s developmental stage, or are violent.
 - a child is at immediate risk of harm owing to the sharing of nudes and semi-nudes.
 - The DSL team may choose to involve other agencies at any time if further information/concerns are disclosed at a later date.
 - If DSLs are unsure how to proceed, advice will be sought from the Education Safeguarding Service.

4.3 Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

- Hillview School for Girls recognises that CSE and CCE are forms of abuse that occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence. CSE and CCE can affect children, both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation.
- If staff are concerned that a child may be at risk of CSE or CCE, immediate action should be taken by speaking to the DSL team.

4.4 Serious Violence

- All staff are made aware of the indicators which may signal children are at risk from or are involved with serious violent crime. These may include unexplained gifts or new possessions, increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries.
- Any concerns regarding serious violence will be reported and responded to in line with other child protection concerns.
 - The initial response to child victims is important and staff will take any allegations seriously and work in ways that support children and keep them safe.

4.5 So-called honour based abuse

- So-called ‘honour’-based abuse (HBA) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing.
- All forms of HBA are abuse (regardless of the motivation) and concerns should be responded to in line with this policy. Staff will report any concerns about HBA to the DSL Team.
- Whilst all staff will speak to the DSL Team with regard to any concerns about female genital mutilation (FGM), there is a specific legal duty on teachers.
 - If a teacher, in the course of their work in the profession, discovers that an act of FGM appears to have been carried out on a girl under the age of 18, the teacher must report this to the police.

4.6 Preventing radicalisation

- Hillview School for Girls is aware of our duty under section 26 of the Counter-Terrorism and Security Act 2015 (the CTSA 2015), to have “due regard to the need to prevent people from being drawn into terrorism”, also known as the Prevent duty and the [specific obligations](#) placed upon us as an education provider regarding risk assessments, working in partnership, staff training, and IT policies.
- Hillview School for Girls recognises that children are vulnerable to extremist ideology and radicalisation and staff will be alert to changes in children’s behaviour which could indicate that they may be in need of help or protection.
- Staff will report any concerns to the DSL (or a deputy), who is aware of the [local procedures](#) to follow.

4.7 Cybercrime

- Hillview School for Girls recognises that children with particular skill and interest in computing and technology may inadvertently or deliberately stray into 'cyber-enabled' (crimes that can happen offline but are enabled at scale and at speed online) or 'cyber dependent' (crimes that can be committed only by using a computer/internet enabled device) cybercrime.
- If staff are concerned that a child may be at risk of becoming involved in cyber-dependent cybercrime, the DSL will be informed, and consideration will be given to accessing local support and/or referring into the [Cyber Choices](#) programme, which aims to intervene when young people are at risk of committing, or being drawn into, low level cyber-dependent offences and divert them to a more positive use of their skills and interests.

Where there are concerns about 'cyber-enabled' crime such as fraud, purchasing of illegal drugs online, child sexual abuse and exploitation, or other areas of concern such as online bullying or general online safety, they will be responded to in line with this and other appropriate policies.

5. Supporting Children Potentially at Greater Risk of Harm

- Whilst all children should be protected, some groups of children are potentially more vulnerable to harm.

5.1 Safeguarding Children with Special Educational Needs or Disabilities (SEND)

- Hillview School for Girls acknowledges that children with special educational needs or disabilities (SEND) or certain health conditions can face additional safeguarding challenges and barriers for recognising abuse and neglect.
- Hillview School for Girls recognises that children with SEND may face additional communication barriers and experience difficulties in managing or reporting abuse or challenges. Children with SEND will be appropriately supported to communicate and ensure that their voice is heard and acted upon.
- All members of staff will be encouraged to explore appropriately possible indicators of abuse such as behaviour, mood changes or injuries and not to assume that they are related to the child's disability. Staff will be mindful that children with SEND or certain medical conditions may be disproportionately impacted by behaviours such as bullying, without outwardly showing any signs.
- Members of staff are encouraged to be aware that children with SEND can be disproportionately impacted by safeguarding concerns, such as exploitation, peer group isolation or bullying including prejudice-based bullying.
- To address these additional challenges, our school will consider implementing extra pastoral support and attention for children with SEND. The DSL team will work closely with the SENDco (Katie Jefferson) to plan support as required.

5.2 Children Requiring Mental Health Support

- All staff will be made aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.
- Staff are aware that children's experiences, for example where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, can impact on their mental health, behaviour and education.
- Staff are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.
- If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken by reporting to the DSL Team.

5.3 Children Missing from Education

- Children missing from education, particularly persistently, can act as a vital warning sign to a range of safeguarding issues including neglect, sexual abuse, and child sexual and criminal exploitation.
- Where Hillview School for Girls has concerns that a child is missing from education, we will respond in line with our statutory duties and local policies. Local support is available via the [PRU, Inclusion and Attendance Service \(PIAS\)](#).

5.4 Elective Home Education

- Where a parent/carer expresses their intention to remove a child from school with a view to educating at home, we will respond in line with [National Elective Home Education guidance](#) and local [Kent guidance](#) and will work together with parents/carers and other key professionals and organisations to ensure decisions are made in the best interests of the child.

5.5 Children who need a Social Worker

- The DSL Team will hold details of social workers working with children in the school so that decisions can be made in the best interests of the child's safety, welfare, and educational outcomes.
- Where children have a social worker, this will inform school decisions about their safety and promoting their welfare, for example, responding to unauthorised absence and provision of pastoral and/or academic support.

6. Staff Engagement and Expectations

6.1 Awareness, Induction and Training

- All members of staff have access to a copy of part one of 'Keeping Children Safe in Education' 2022 which covers safeguarding information for staff. All members of staff must confirm that they have read and understood the national guidance shared with them via CPOMS.
- The DSL will ensure that all new staff receive safeguarding and child protection training (including online safety), including information to ensure they are aware of the school internal safeguarding processes, as part of their induction. This may be done via leaflet, in-person training or e-learning.

- All staff members (including agency and third-party staff) will receive appropriate child protection training (including online safety) to ensure they are aware of a range of safeguarding issues; this training will be updated at least annually.
- Safeguarding training for staff, including online safety training, will be integrated, aligned and considered as part of the whole school safeguarding approach and wider staff training and curriculum planning.
- In addition to specific child protection training, all staff will receive regular safeguarding and child protection updates, at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. This will be done via staff meetings, emails and/or bulletins.
- Staff are able to contribute to and shape school safeguarding arrangements and child protection policies via the staff forum.
- Although the school has a nominated lead for the trustees, all trustees will access appropriate safeguarding training which covers their specific strategic responsibilities.

6.2 Safer Working Practice

- All members of staff are required to work within our clear guidelines on safer working practice as outlined in the code of conduct.
- Staff must have read the child protection policy and be aware of the school expectations regarding safe and professional practice via the staff code of conduct.
- Staff will be made aware of the school behaviour policy. Staff will manage behaviour effectively to ensure a good and safe educational environment and will have a clear understanding of the needs of all children. Physical interventions and/or use of reasonable force will be in line with our agreed policy and procedures and national guidance.
- All staff will be made aware of the professional risks associated with the use of social media and electronic communication (such as email, mobile phones, texting, social networking). Staff will adhere to relevant school policies.

6.3 Supervision and Support

- The induction process will include familiarisation with child protection responsibilities and procedures to be followed if members of staff have any concerns about a child's safety or welfare.
- The school will provide appropriate supervision and support for all members of staff to ensure that:
 - All staff are competent to carry out their responsibilities for safeguarding and promoting the welfare of children
 - All staff are supported by the DSL in their safeguarding role.
 - All members of staff have regular reviews of their own practice to ensure they improve over time.
- Any member of staff affected by issues arising from concerns for children's welfare or safety can seek support from the DSL Team.
- The DSL will also put staff in touch with outside agencies for professional support if they so wish. Staff can also approach organisations such as their Union, the Education Support Partnership or other similar organisations directly.

7. Safer Recruitment and Allegations

7.1 Safer Recruitment and Safeguarding Checks

- Hillview School for Girls is committed to ensuring that it develops a safe culture and that all steps are taken to recruit staff and volunteers who are safe to work with our learners and staff.
 - Hillview School for Girls will follow relevant guidance in Keeping Children Safe in Education 2022 (Part Three, 'Safer Recruitment') and from The Disclosure and Barring Service (DBS)
 - The leadership team are responsible for ensuring that the school follows safe recruitment processes as outlined within guidance.
 - The leadership team will ensure that at least one of the persons who conducts an interview has completed safer recruitment training.
- The school maintains an accurate Single Central Record (SCR) in line with statutory guidance.
- Hillview School for Girls is committed to supporting the statutory guidance from the Department for Education on the application of the Childcare (Disqualification) Regulations 2009 and related obligations under the Childcare Act 2006 in schools.
- We advise all staff to disclose any reason that may affect their suitability to work with children including convictions, cautions, court orders, cautions, reprimands, and warnings.
- Where the school places a learner with an alternative provision provider, the school will continue to be responsible for the safeguarding of that child.
 - The school will undertake appropriate checks to ensure the provider meets the needs of the pupil, including written confirmation that appropriate safeguarding checks have been carried out on individuals working at the establishment.

7.2 Allegations/concerns raised in relation to teachers, including supply teachers, other staff, volunteers and contractors

- The School will respond to allegations in line with the [local Kent allegations arrangements](#) and Part Four of KCSIE 2024.
- Any concerns or allegations about staff, including those which do not meet the allegation/harm threshold will be recorded and dealt with appropriately in line with national and local guidance. Ensuring concerns are dealt with effectively will protect those working in or on behalf of the school from potential false allegations or misunderstandings.
- Where the headteacher and/or DSL are unsure how to respond, for example if the school is unsure if a concern meets the harm 'thresholds', advice will be sought via the [Local Authority Designated Officer \(LADO\)](#), Enquiry Line and/or the [Education Safeguarding Service](#).

7.2.1 Concerns that meet the 'harm threshold'

- Hillview School for Girls recognises that it is possible for any member of staff, including volunteers, trustees, contractors, agency and third-party staff (including supply teachers) and visitors to behave in a way that indicates a person would pose a risk of harm if they continue to work in their present position, or in any capacity with children in a school or college. This includes when someone has
 - behaved in a way that has harmed a child, or may have harmed a child and/or
 - possibly committed a criminal offence against or related to a child and/or;
 - behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children; and/or
 - behaved or may have behaved in a way that indicates they may not be suitable to work with children.

- Allegations against staff which meet this threshold will be referred immediately to the headteacher and/or DSL who will contact the [LADO](#) to agree further action to be taken in respect of the child and staff member. In the event of allegations of abuse being made against the headteacher, staff are advised that allegations should be reported to the chair of trustees who will contact the LADO.

7.2.2 Concerns that do not meet the ‘harm threshold’

- Hillview School for Girls may also need to take action in response to ‘low-level’ concerns about staff, which typically would be behaviours which are inconsistent with our staff code of conduct, including inappropriate conduct outside of work and concerns that do not meet the allegations threshold.
- Where low-level concerns are reported to the school, the headteacher or DSL may choose to share or liaise with the LADO enquiries officer via the [LADO Enquiry Line](#). Concerns regarding supply staff and contractors will be shared with their employer.
- Low-level concerns will be recorded in writing and reviewed so potential patterns of concerning, problematic or inappropriate behaviour can be identified. Where a pattern is identified, the school will implement appropriate action, for example consulting with [the LADO enquiry line](#) and following our disciplinary procedures.

7.2.3 Safe Culture

- As part of our approach to safeguarding, the school has created and embedded a culture of openness, trust and transparency in which our values and expected behaviour are constantly lived, monitored and reinforced by all staff, and where all concerns are dealt with promptly and appropriately.
- All staff and volunteers should feel able to raise any concerns about poor or unsafe practice and potential failures in the school safeguarding regime. The leadership team at Hillview School for Girls will take all concerns or allegations received seriously.
- All members of staff are made aware of the school Whistleblowing procedure. It is a disciplinary offence not to report concerns about the conduct of a colleague that could place a child at risk.
- Staff can access the NSPCC whistleblowing helpline if they do not feel able to raise concerns regarding child protection failures internally. Staff can call 0800 028 0285 (8:00 AM to 8:00 PM Monday to Friday) or email help@nspcc.org.uk.
- Hillview School for Girls has a legal duty to refer to the Disclosure and Barring Service (DBS) anyone who has harmed, or poses a risk of harm, to a child, or if there is reason to believe the member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in regulated activity or would have been removed had they not left. The DBS will consider whether to bar the person.
 - If these circumstances arise in relation to a member of staff at our school, a referral will be made as soon as possible after the resignation or removal of the individual in accordance with advice from the [LADO](#).

8. Opportunities to teach safeguarding

- Hillview School for Girls will ensure that children are taught about safeguarding, including online safety, as part of providing a broad and balanced curriculum. This will include covering relevant issues through Personal Development Learning (including RSE), computing, Assemblies and Mentor Time.
- We recognise that school plays an essential role in helping children to understand and identify the parameters of what is appropriate child and adult behaviour, what is 'safe', to recognise when they and others close to them are not safe, and how to seek advice and support when they are concerned. Our curriculum provides opportunities for increasing self-awareness, self-esteem, social and emotional understanding, assertiveness and decision making so that learners have a range of age appropriate contacts and strategies to ensure their own protection and that of others.
- Hillview School for Girls recognises that a one size fits all approach may not be appropriate for all children, and a more personalised or contextualised approach for more vulnerable children, victims of abuse and some SEND children might be needed.
- Our school systems support children to talk to a range of staff. Children will be listened to and heard, and their concerns will be taken seriously and acted upon as appropriate.

9. Physical Safety

9.1 Use of 'reasonable force'

- There may be circumstances when it is appropriate for staff to use reasonable force in order to safeguard children from harm. Further information regarding our approach and expectations can be found in our behaviour policy.

9.2 Site Security

- All members of staff have a responsibility for maintaining awareness of buildings and grounds security and for reporting concerns that may come to light.
- Appropriate checks will be undertaken in respect of visitors and volunteers coming into school. Visitors will be expected to sign in and out via the office visitor's log and to display a visitor's badge whilst on site.
- Any individual who is not known or identifiable on site should be challenged for clarification and reassurance.
- The school will not accept the behaviour of any individual (parent or other) that threatens school security or leads others (child or adult) to feel unsafe. Such behaviour will be treated as a serious concern and may result in a decision to refuse access for that individual to the school site.

Appendix 2

Online Safety

- It is essential that children are safeguarded from potentially harmful and inappropriate material or behaviours online. Hillview School for Girls will adopt a whole school approach to online safety which will empower, protect, and educate our learners and staff in their use of technology, and establish mechanisms to identify, intervene in, and escalate any concerns where appropriate.
- Hillview School for Girls will ensure online safety is reflected as required in all relevant policies. Online safety is considered as a running and interrelated theme when devising and implementing our policies and procedures and when planning our curriculum, staff training, the role and responsibilities of the DSL and parental engagement.
- Hillview School for Girls identifies that the breadth of issues classified within online safety is considerable, but can be categorised into four areas of risk:
 - Content: being exposed to illegal, inappropriate or harmful content. For example pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation and extremism.
 - Contact: being subjected to harmful online interaction with other users. For example peer to peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes.
 - Conduct: personal online behaviour that increases the likelihood of, or causes, harm. For example, making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography), sharing other explicit images and online bullying.
 - Commerce: risks such as online gambling, inappropriate advertising, phishing and or financial scams.
- Hillview School for Girls recognises that technology, and the risks and harms related to it, evolve and change rapidly. The school will carry out a regular review of our approaches to online safety, supported by an annual risk assessment which considers and reflects the risks our children face.
- The headteacher and named trustee for safeguarding will be informed of online safety concerns by the DSL, as appropriate.

9.3 Policies and Procedures

- The DSL has overall responsibility for online safety within the school but will liaise with other members of staff, for example IT technicians, curriculum leads etc. as necessary.
- The DSL will respond to online safety concerns reported in line with our child protection and other associated policies, including our behaviour policy.
 - Internal sanctions and/or support will be implemented as appropriate.
 - Where necessary, concerns will be escalated and reported to relevant partner agencies in line with local policies and procedures.
- Hillview School for Girls uses a wide range of technology. This includes computers, laptops, tablets and other digital devices, the internet, our learning platform, intranet and email systems.
 - All School owned devices and systems will be used in accordance with our acceptable use policies and with appropriate safety and security measures in place.
- Hillview School for Girls recognises the specific risks that can be posed by mobile and smart technology, including mobile/smart phones, cameras and wearable technology. In accordance with KCSIE 2024 . Hillview School for Girls has appropriate mobile policies in place, which are shared

and understood by all members of the community. Further information regarding the specific approaches relating to this can be found in the following policies:

- ICT (incl. e-safety and BYOD)
- Data Protection (incl. Access to students' records, photographic images, confidentiality and FOI)
- Behaviour (incl. Home/School Agreement, anti-bullying, Theft or Loss and Mobile Phones)

9.4 Appropriate Filtering and Monitoring

- Hillview School for Girls will do all we reasonably can to limit children's exposure to online risks through school provided IT systems and will ensure that appropriate filtering and monitoring systems are in place.
 - All users will be informed that use of our systems can be monitored, and that monitoring will be in line with data protection, human rights, and privacy legislation.
 - Filtering breaches or concerns identified through our monitoring approaches will be recorded and reported to the DSL who will respond as appropriate.
 - Any access to material believed to be illegal will be reported immediately to the appropriate agencies, such as the [Internet Watch Foundation](#) and the police.
 - When implementing appropriate filtering and monitoring, Hillview School for Girls will ensure that "over blocking" does not lead to unreasonable restrictions as to what children can be taught with regards to online teaching and safeguarding.
- Hillview School for Girls acknowledges that whilst filtering and monitoring is an important part of school online safety responsibilities, it is only one part of our approach to online safety. Pupils and adults may have access to systems external to the school control such as mobile phones and other internet enabled devices; where concerns are identified appropriate action will be taken.

9.5 Information Security and Access Management

- Hillview School for Girls is responsible for ensuring an appropriate level of security protection procedures are in place, in order to safeguard our systems as well as staff and learners. Further information can be found in the ICT policy.
- Hillview School for Girls will review the effectiveness of these procedures periodically to keep up with evolving cyber-crime technologies.

9.6 Staff Training

- Hillview School for Girls will ensure that all staff receive online safety training as part of induction and that ongoing online safety training and updates for all staff will be integrated, aligned and considered as part of our overarching safeguarding approach.

9.7 Educating Learners

- Hillview School for Girls will ensure a comprehensive whole school curriculum response is in place to enable all learners to learn about and manage online risks effectively as part of providing a broad and balanced curriculum.

9.8 Working with Parents/Carers

- Hillview School for Girls will build a partnership approach to online safety and will support parents/carers to become aware of and alert to the potential online benefits and risks for children by providing information through existing communication channels.

Appendix 3

Children in Care (CiC) Procedures

10.1 Hillview School for Girls' approach to supporting the educational achievement of CIC is based on the following principles:

- Prioritising education.
- Promoting attendance.
- Targeting support.
- Having high expectations.
- Promoting inclusion through challenging and changing attitudes.
- Achieving stability and continuity.
- Early intervention and priority action.
- Listening to children.
- Promoting health and well-being.
- Reducing exclusions and promoting stability.
- Working in partnership with carers, social workers and other professionals.

10.2 The trustees of Hillview School for Girls are committed to providing quality education for all students and will:

- Ensure a Designated Teacher for CIC is identified and enabled to carry out the responsibilities set out below
- Ensure a Personal Education Plan is put in place, implemented and regularly reviewed for every child that is looked after, in line with Kent's guidance on Personal Education Plans.
- Identify a trustee as Designated Trustee for CIC (Mrs Gayle Levy)

Responsibility of the Headteacher

10.3 Identify a Designated Teacher for CIC, whose role is set out below. It is essential that another appropriate person is identified quickly should the Designated Teacher leave the school or take sick leave.

10.4 Ensure that procedures are in place to monitor the admission, progress, attendance and any exclusions of CIC and take action where progress, conduct or attendance is below expectations.

10.5 Report on the progress, attendance and conduct of CIC.

10.6 Ensure that staff in school receive relevant training and are aware of their responsibilities under this policy and related guidance.

Responsibility of the Trustees

10.7 Identify a nominated Trustee for CIC.

10.8 Ensure that all Trustees are fully aware of the legal requirements and guidance on the education of CIC.

10.9 Ensure the school has an overview of the needs and progress of CIC.

10.10 Allocate resources to meet the needs of CIC.

10.11 Ensure the school's other policies and procedures support their needs.

The Trustees will:

10.12 Monitor the academic progress of CIC, through an annual report (see below).

10.13 Ensure that CIC are given top priority when applying for places in accordance with the school's oversubscription criteria.

10.14 Work to prevent exclusions and reduce time out of school, by ensuring the school implements policies and procedures to ensure CIC achieve and enjoy their time at the school, by recognising the extra problems caused by excluding them and by not excluding them except as a last resort.

10.15 Ensure that the school has a Designated Teacher, and that the Designated Teacher is enabled to carry out his or her responsibilities as below.

10.16 Support the Headteacher, the Designated Teacher and other staff in ensuring that the needs of CIC are recognised and met.

10.17 Receive a report once a year setting out:

- The number of looked-after students on the school's roll (if any).
- Their attendance, as a discreet group, compared to other students.
- CIC KS2 scores, GCSE results, and other qualifications achieved, as a discreet group, compared to other students.
- The number of fixed term and permanent exclusions (if any).
- The destinations of students who leave the school.

10.18 The information for this report should be collected and reported in ways that preserve the anonymity and respect the confidentiality of the students concerned.

The Role of the Designated Teacher

10.19 Government Guidance says that the Designated Teacher should be “someone with sufficient authority to make things happen [who] should be an advocate for CIC, assessing services and support, and ensuring that the school shares and supports high expectations for them.”

10.20 Trustees should be aware that all schools are required to have a designated teacher for CIC. It is strongly recommended that this person should be a member of the Senior Leadership Team. Trustees should also be aware that OFSTED will focus on CIC, monitoring how the School has promoted their inclusion and attainment and the effectiveness of joint working with other services involved with them.

The Designated Teacher will:

10.21 Ensure a welcome and smooth induction for the child and their carer, using the Personal Education Plan to plan for that transition in consultation with the child’s social worker.

10.22 Ensure that a Personal Education Plan is completed with the child, the social worker, the foster carer and any other relevant people, at least two weeks before the Care Plan reviews.

10.23 Ensure that each child that is looked after (CIC) has an identified member of staff that they can talk to. This need not be the Designated Teacher, but should be based on the child’s own wishes. Members of staff who take on this role may need to be supported by someone from the school’s pastoral staff. They should also be alert to any child protection issues, any disclosures that students may make, and know what action to take. They should link closely therefore with the school’s DSL.

10.24 Track academic progress and target support appropriately.

10.25 Co-ordinate any support for the CIC that is necessary within school.

10.26 Ensure confidentiality for individual students, sharing personal information on a need to know basis.

10.27 Encourage CIC to join in extra-curricular activities and out of school learning.

10.28 Ensure, as far as possible, attendance at planning and review meetings.
Act as an advisor to staff and Trustees, raising their awareness of the needs of CIC.

10.29 Set up timely meetings with relevant parties where the student is experiencing difficulties in school or is at risk of exclusion.

10.30 Ensure the speedy transfer of information between individuals, agencies and - if the student changes school - to a new school.

10.31 Be pro-active in supporting transition and planning when moving to a new phase in education.

10.32 Track academic progress and target support appropriately.

10.33 Promote inclusion in all areas of school life.

10.34 Actively monitor and prevent bullying in school by raising awareness through the school's anti-bullying policy.

10.35 Ensure that the audit on attendance and numbers is returned to the CIC Education Adviser every Term.

10.36 Raise awareness in secondary schools that CIC are automatically entitled to an allowance if they go into the sixth form.

All staff will:

10.37 Have high aspirations for the educational and personal achievement of children that are looked after (CIC), as for all students.

10.38 Maintain CIC's confidentiality and ensure they are supported sensitively.

10.39 Respond positively to a student's request to be the named member of staff whom they can talk to when they feel it is necessary.

10.40 Respond promptly to the Designated Teacher's requests for information.

10.41 Work to enable CIC to achieve stability and success within school.

10.42 Promote the self-esteem of all CIC.

10.43 Have an understanding of the key issues that affect the learning of CIC.

10.44 Prevent bullying in line with the School's policy.

Safeguarding CIC

11.1 Hillview School for Girls recognises the common reason for children becoming looked after is as a result of abuse and/or neglect and a previously looked after child also potentially remains vulnerable.

11.2 The designated teacher will work with the DSL to ensure appropriate staff have the information they need in relation to a child's looked after legal status, contact arrangements with birth parents or those with parental responsibility, care arrangements and the levels of authority delegated to the carer by the authority looking after them.

11.3 Where a child is looked after, the DSL will hold details of the social worker and the name of the virtual school head in the authority that looks after the child.

11.4 Where the school believe a child is being cared for as part of a private fostering arrangement (occurs when a child under 16 or 18 if the child is disabled is cared for and lives with an adult who is not a relative for 28 days or more) there is a duty to recognise these arrangements and inform the Local Authority via the front door.

11.5 Where a child is leaving care, the DSL will hold details of the local authority Personal Advisor appointed to guide and support them and will liaise with them as necessary regarding any issues of concern.

Categories of Abuse

All staff should be aware that abuse, neglect, and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases multiple issues will overlap with one another.

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. They may be abused by an adult or adults or another child or children. It should be noted that abuse can be carried out both on and offline and be perpetrated by men, women, and children.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Signs that MAY INDICATE Sexual Abuse

- Sudden changes in behaviour and performance
- Displays of affection which are sexual and age inappropriate
- Self-harm, self-mutilation or attempts at suicide
- Alluding to secrets which they cannot reveal
- Tendency to cling or need constant reassurance
- Regression to younger behaviour for example thumb sucking, playing with discarded toys, acting like a baby
- Distrust of familiar adults e.g. anxiety of being left with relatives, a childminder or lodger
- Unexplained gifts or money
- Depression and withdrawal
- Fear of undressing for PE
- Sexually transmitted disease
- Fire setting

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Signs that MAY INDICATE physical abuse

- Bruises and abrasions around the face
- Damage or injury around the mouth
- Bi-lateral injuries such as two bruised eyes
- Bruising to soft area of the face such as the cheeks
- Fingertip bruising to the front or back of torso
- Bite marks
- Burns or scalds (unusual patterns and spread of injuries)
- Deep contact burns such as cigarette burns
- Injuries suggesting beatings (strap marks, welts)
- Covering arms and legs even when hot
- Aggressive behaviour or severe temper outbursts.

- Injuries need to be accounted for. Inadequate, inconsistent, or excessively plausible explanations or a delay in seeking treatment should signal concern.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Signs that MAY INDICATE emotional abuse

- Over reaction to mistakes
- Lack of self-confidence/esteem
- Sudden speech disorders
- Self-harming
- Eating Disorders
- Extremes of passivity and/or aggression
- Compulsive stealing
- Drug, alcohol, solvent abuse
- Fear of parents being contacted
- Unwillingness or inability to play
- Excessive need for approval, attention, and affection

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing, and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Signs that MAY INDICATE neglect.

- Constant hunger
- Poor personal hygiene
- Constant tiredness
- Inadequate clothing
- Frequent lateness or non-attendance
- Untreated medical problems
- Poor relationship with peers
- Compulsive stealing and scavenging
- Rocking, hair twisting and thumb sucking
- Running away
